

Controlling Lifting Operations – Planning SVQ Level 4 - Unit Selection

The level 4 Controlling Lifting Operations (Planning) SVQ Award consist of 7 Mandatory Units

The balance Between the core and the optional units is intended to help candidates to design awards that's include:

- The necessary core competences for a practitioner at SVQ Level 4
- A reflection of the particular job functions

A balance Between technical and personal competences

Unit	Title	Status	Insert as Required
F7AA 04	Develop and Maintain good Working Relationships	Mandatory	✓
J64E 04	Evaluate and Confirm Work Methods	Mandatory	✓
J63E 04	Plan, Establish safety, Health, Welfare and Environmental Systems for Lifting Operations	Mandatory	✓
J63T 04	Plan Lifting Activities	Mandatory	✓
J64J 04	Identify, Allocate and plan the deployment and use of plant, equipment and machinery	Mandatory	✓
J63W 04	Plan work activites and resources to meet work requirements	Mandatory	✓
J64H 04	Plan the preparation of the site for the project	Mandatory	✓

A Unit Specific Evidence Signpost list will be created

This will provide you with a list of potential evidence which you can begin to gather and present to your assessor at your first assessment visit.

This will provide you with a list of potential evidence which you can begin to meet the requirements of these construction management standards. However some candidates may need to widen their current job roles to achieve this evidence.

This is consistent with the notion that SQA Awards should be diagnostic, Developmental and qualifying.
