

SMSTS REFRESHER 2 Day Course

The SMSTS Refresher course brings your health and safety knowledge up to date and provides a thorough overview of the legislative changes and their impact in the workplace. It builds on the material in the original course as well as introducing new subjects.

For candidates who have previously passed the full SMSTS course or subsequent refresher course and can provide proof of attendance.

What will you learn?

- Improve awareness of recent developments in construction, legislation and health, safety, welfare and environmental issues
- Identify measures that will assist the practical implementation of responsibilities established by new legislation and working practices
- Implement new guidance and industry best practice
- Consolidate their understanding of responsibility and accountability for site health, safety, welfare and the environment

Certification for this course is valid for 5 years. To remain certified in this area, you will need to take another SMSTS refresher course before the expiry date. If you chose not to renew before the expiry of your original certificate, you will have to re-take the full 5 day course
